SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006 of the European Parliament and of the Council (REACH), as amended Exfoliant pemza 02 July 2020 Creation date Date of revision Version number 10 none 2.3 Another danger The substance does not meet the criteria for PBT or vPvB substances in accordance with Annex XIII, Regulation (EC) No. 1907/2006 (REACH), in force wording **SECTION 3: Composition/information on ingredients** 3.1 Substance **Chemical characteristics** The substance below. Content in Classification according to regulation (EC) no. Identification numbers Note 0/ Substance name 1272/2008 weight the main component of a substance CAS: 1332-09-8 Pumice powder0.3MM to 2.5MM The full text of all classifications and H-phrases is given in section 16. **SECTION 4: First aid measures** 4.1 Description of first aid Take care of your own safety. In case of health problems or in case of doubt, inform the doctor and provide him information from this safety data sheet. When inhaled Stop the exposure immediately, move the victim to fresh air. In contact with skin Put away the stained clothing. On contact with the eyes Immediately flush the eyes with a stream of running water, open the eyelids (perhaps by force); if the affected person wears contact lenses, remove them immediately. When ingested Rinse your mouth with clean water. In case of difficulties, consult a doctor. 4.2 Most important symptoms and effects, both acute and delayed When inhaled They are not expected. In contact with skin They are not expected. On contact with the eyes They are not expected. When ingested They are not expected. 4.3 Indication of any immediate medical attention and special treatment needed Symptomatic treatment. **SECTION 5: Firefighting measures** 5.1 Hasiva Suitable extinguishing agents Match the fire extinguishers to the surroundings of the fire. Unsuitable fire extinguishers not specified 5.2 Special hazards arising from the substance or mixture In case of fire, carbon monoxide and carbon dioxide and other toxic gases may be produced. Inhalation hazardous decomposition (pyrolysis) products can cause serious damage to health. 5.3 Instructions for firefighters Self-contained breathing apparatus and chemical resistant gloves. Use a self-contained breathing apparatus and a full-body respirator a protective suit.

SECTION 10: Stability and reactivity

10.1 Reactive

The substance is non-flammable

10.2 Chemical stability

The product is stable under normal conditions.

10.3 Possibility of hazardous reactions

They are not known.

10.4 Conditions to Avoid

Under normal use, the product is stable, does not decompose. Protect from flames, sparks, overheating and from cold.

10.5 Incompatible Materials

Protect from strong acids, bases and oxidizing agents.

10.6 Hazardous decomposition products

They do not arise under normal use. At high temperatures and in case of fire, dangerous products such as oxide are formed carbon dioxide and carbon dioxide.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

No toxicological data are available for the substance.

Acute toxicity

Based on the available data, the classification criteria are not met.

Skin corrosion/irritation

Based on the available data, the classification criteria are not met.

Serious eye damage / eye irritation

Based on the available data, the classification criteria are not met.

Respiratory sensitization / skin sensitization

Based on the available data, the classification criteria are not met.

Germ cell mutagenicity

Based on the available data, the classification criteria are not met.

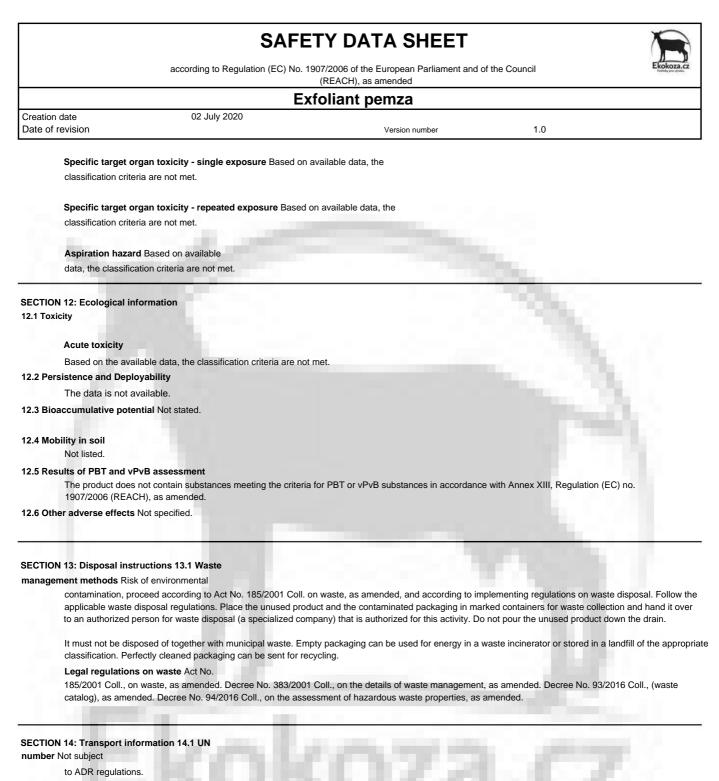

Carcinogenic

4/7

Based on the available data, the classification criteria are not met.

Reproductive toxicity

Based on the available data, the classification criteria are not met.

14.2 Official (UN) shipping name not given

14.3 Transport hazard class(es).

not specified

5/7

14.4 Packaging group not specified

14.5 Environmental hazard not specified

14.6 Special precautions for user Reference in sections 4 to 8.

14.7 Bulk transport according to Annex II of the MARPOL Convention and the IBC Regulation not specified

SECTION 15: Regulatory Information

15.1 Safety, health and environmental regulations/substance-specific legislation or mixtures

02 July 2020

Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006 on the registration, evaluation, authorization and restriction of chemical substances, on the establishment of the European Agency for Chemical Substances, on the amendment of Directive 1999/45/EC and on the repeal Council Regulation (EEC) No. 793/93, Commission Regulation (EC) No. 1488/94, Council Directive 76/769/EEC and Commission Directive 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, as amended. Regulation of the European Parliament and of the Council (EC) No. 1272/2008 of 16 December 2008 on the classification, labeling and packaging of substances and mixtures, on the amendment and repeal of Directives 67/548/EEC and 1999/45/EC and amending Regulation (EC) No. 1907/2006, as amended. Act No. 350/2011 Coll., on Chemical Substances and Chemical Mixtures and to change some laws (chemical law). Act No. 258/2000 Coll., on the protection of public health, as amended. Ordinance of the Government No. 361/2007 Coll., which establishes the conditions of health protection at work, as amended. Decree No. 415/2012 Coll., o the permissible level of pollution and its detection and the implementation of some other provisions of the Act on Air Protection, in valid wording. Act No. 185/2001 Coll., on waste and its implementing regulations, as amended. Act No. 201/2012 Coll., o air protection, as amended. Decree No. 432/2003 Coll., which establishes the conditions for classifying works into categories, limit values of indicators of biological exposure tests, conditions for sampling biological material for carrying out biological tests of exposure tests and requirements for reporting work with asbestos and biological agents, as amended.

15.2 Chemical safety assessment

not specified

SECTION 16: Further information

Additional information important from the point of view of safety and protection of human health

The product must not - without the special consent of the manufacturer/importer - be used for a purpose other than that specified in section 1. User is responsible for compliance with all relevant health regulations.
