

# SAFETY DATA SHEET

according to European Parliament and Council Regulation (EC) No.  
1907/2006 (REACH), as

amended **GREEN TEA+MINT ANTIALERGIC**

Creation date	07/10/2015	Pure version	3.0
Date of revision	28/04/2022		

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

**1.1. Product identifier** GREEN TEA+MINT ANTI-ALLERGIC  
Substance / mixture 100934  
UFI KNH0-59PX-E00R-GJHU

**1.2. Relevant identified uses of the substance or mixture and uses advised against Intended use of the mixture** Concentrated raw material. For industrial use only.  
**Main intended use**

Mixtures for further formulation F

**Intended uses of the mixture** The product

must not be used in ways other than those listed in section 1.

**1.3. Detailed information about the supplier of the safety data sheet**

**Manufacturer** Name or trade name Address  
Ekokoza s.r.o  
Fryčovice 297  
73945, Fryčovice  
eshop@ekokoza.cz  
+420605779993  
ID: 07508247

## 1.4. Telephone number for urgent situations

Toxicological information center, Na Bojišti 1, Prague, Tel.: 224 919 293 or 224 915 402, Information only for health risks - acute poisoning of people and animals

## SECTION 2: Hazard identification 2.1.

### Classification of the substance or mixture

**Classification of the mixture according to Regulation (EC) No.**

**1272/2008** The mixture is classified as dangerous.

Skin Irritation. 2,  
H315 Skin Sens. 1,  
H317 Eye Irrit. 2,  
H319 Aquatic Chronic 2, H411

The full text of all classifications and H-phrases is given in section 16.

### The most serious adverse effects on human health and the environment

May cause an allergic skin reaction. It irritates the skin. Causes serious eye irritation. Toxic to aquatic organisms, with long-term effects.

## 2.2. Marking elements

**Danger warning symbol**

⚠

**Signal word**

Warning

# SAFETY DATA SHEET

according to European Parliament and Council Regulation (EC) No.  
1907/2006 (REACH), as

amended **GREEN TEA+MINT ANTIALERGIC**

Creation date	07/10/2015	Pure version	3.0
Date of revision	28/04/2022		

## Hazardous substances

2-Methyl-3-(4-isopropylphenyl)propanal 4-tert-  
Butylcyclohexyl acetate Hexyl salicylate  
1-(1,2,3,4,5,6,  
7,8-Octahydro-2,3,8,8- tetramethyl-2-naphthyl)ethan-1-one l-Carvone Nerol Tetrahydrolinalool  
Linalylacetate

2-Methyl-3-(3,4-methylenedioxyphenyl)-propanal Citrathal - Citryl  
Oamascone Alpha d-  
Limonene Citronellol L-  
Menthone  
Delta-  
Damascone

## Standard hazard

**statements** Irritating to skin.

H315	
H317	May cause an allergic skin reaction.
H319	Causes serious eye irritation.
H411	Toxic to aquatic organisms, with long-term effects.

## Instructions for safe handling

P273	Avoid release to the environment.
P280	Use protective gloves.
P305+P351+P338	IF IN EYES: Rinse carefully with water for several minutes. Remove contact lenses, if worn and if they can be removed easily. Continue rinsing.
P333+P313	In case of skin irritation or rash: Get medical attention/treatment.
P337+P313	If eye irritation persists: Get medical attention/treatment.
P501	Dispose of contents/packaging according to applicable regulations.

## 2.3. Other hazards The mixture

does not contain substances with endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605. The mixture does not contain substances meeting the criteria for PBT or vPvB substances in accordance with Annex XIII, Regulation (EC) No. 1907/2006 (REACH), as amended.

## SECTION 3: Composition/information on ingredients

### 3.2. Mixtures

#### Chemical characteristics A

mixture of the substances and admixtures listed below .

**The mixture contains these dangerous substances and substances with the highest permissible concentrations in the working atmosphere**

Identification numbers	Substance name	Content in % No. weight 1272/2008	Classification according to regulation (EC)	Note
CAS: 103-95-7 EC: 203-161-7 Registration number: 01-2119970582-32-X	2-Methyl-3-(4-isopropylphenyl)propanal	9-12	Skin Inrit. 2, H315 Skin Sens. 1, H317 Aquatic Chronic 3, H412

## SECTION 4: First aid instructions 4.1.

### Description of first aid Take care of

your own safety. In case of health problems or in case of doubt, inform the doctor and give him the information from this safety data sheet.

#### In case of

**inhalation** Stop exposure immediately, move victim to fresh air. Protect the victim from catching cold.

Get medical attention if irritation, shortness of breath, or other symptoms persist.

#### In case of contact

**with skin** Remove contaminated clothing. Wash the affected area with plenty of lukewarm water if possible. If the skin has not been injured, it is also appropriate to use soap, soap solution or shampoo. Get medical treatment if skin irritation persists.

#### In case of contact

**with the eyes**, immediately flush the eyes with a stream of running water, open the eyelids (perhaps by force); if the victim wears contact lenses, remove them immediately. Rinse for at least 10 minutes. Provide medical, if possible professional treatment.

#### In case of

**ingestion** Rinse the oral cavity with water and drink 2-5 dl of water. Get medical treatment for a person who has health problems .

## 4.2.

### Most important acute and delayed symptoms and effects Inhalation

Not expected.

#### Contact with kt'lie

may cause an allergic skin reaction.

#### On contact with the eyes

Causes serious eye irritation.

#### Ingestion

Irritation, nausea.

## 4.3. Indication of any immediate medical attention and special treatment needed Symptomatic

treatment.

# SAFETY DATA SHEET

according to European Parliament and Council Regulation (EC) No. 1907/2006  
(REACH), as amended **GREEN**

## TEA+MINT ANTIALERGIC

Creation date	07/10/2015	Pure version	3.0
Date of revision	28/04/2022		

### SECTION 5: Fire fighting measures 5.1.

#### Extinguishing

**media** Suitable

**extinguishing agents** Alcohol-resistant foam, carbon dioxide, powder, water jet, water mist.

**Unsuitable extinguishing**

**media** Water - full stream.

#### 5.2. Special hazards arising from the substance or mixture

In the event of a fire,

carbon monoxide and carbon dioxide and other toxic gases may be produced. Inhalation of dangerous decomposing (pyrolytic) products can cause serious damage to health.

#### 5.3. Instructions for firefighters

Self-contained breathing apparatus and chemical protective suit only if personal (close) contact with the chemical substance is likely. Use self-contained breathing apparatus **and** a full-body protective suit. Do not let the contaminated extinguishing agent escape into the sewer, surface and ground water.

### SECTION 6: Treatment in case of accidental release 6.1.

#### Measures for the protection of persons, protective means and emergency procedures

Use personal protective work equipment. Follow instructions contained in sections 7 and 8. Avoid contact with skin and eyes.

#### 6.2. Measures to protect the environment

Do not allow to enter the drain. Avoid contamination of the slurry and release to surface or ground water.

#### 6.3. Methods and material for containment and cleaning up

Cover the spilled product with suitable (non-flammable) absorbent material (sand, diatomaceous earth, earth and other suitable absorbent materials), collect in well-closed containers and dispose of according to section 13. In case of spillage of large quantities of product, notify the fire brigade and other competent authorities. After removing the product, wash the contaminated area with plenty of water. Do not use solvents. **6.4. reference to other sections** See section 7, 8 and 13.

### SECTION 7: Handling and storage 7.1.

#### Precautions for safe handling

Avoid contact with skin and eyes. Do not take contaminated work clothes out of the workplace. Wash hands and affected body parts thoroughly after handling. Use personal protective equipment according to section 8. Observe applicable health and safety legislation. Avoid release to the environment.

#### 7.2. Conditions for safe storage of substances and mixtures, including incompatible substances and mixtures

Store in tightly closed containers in cool, dry and well-ventilated places designated for this purpose.

Storage class 12 - Non-flammable liquids in non-flammable containers

#### 7.3. Specific end/specific end uses

not specified

### SECTION 8: Exposure controls/personal protective equipment 8.1. Control

#### parameters

The mixture does not

contain substances for which exposure limits for the working environment are set.

#### 8.2. Limitation of exposure

Do not

eat, drink or smoke while working. Wash your hands thoroughly with soap and water after work and before breaks for meals and rest.

#### Eye and face protection

Safety glasses.

#### Protection Hand

protection: Protective gloves resistant to the product. Follow the recommendations of the specific glove manufacturer when choosing the appropriate thickness, material and permeability. Follow the manufacturer's other recommendations. Other protection: Protective work clothing. In case of skin contamination, wash it thoroughly.

according to European Parliament and Council Regulation (EC) No. 1907/2006  
(REACH), as amended **GREEN**

## TEA+MINT ANTIALERGIC

Creation date	07/10/2015	Pure version	3.0
Date of revision	28/04/2022		

**Respiratory protection** Not required.

**Thermal hazard** Not specified.

### Limitation of exposure to the living environment

Observe the usual environmental protection measures, see point 6.2. Collect the spilled product.

## SECTION 9: Physical and chemical properties 9.1. Information

on basic physical and chemical properties Appearance Color

fresh, green	liquid
Melting point/freezing point data not available Boiling point or initial boiling point and boiling point range data not available Flammability data not available Lower and upper explosive limits data not available Flash point Autoignition temperature Decomposition temperature pH Kinematic viscosity	data not available Odor
Water solubility Solubility in ethanol Partition coefficient n-octanol/water (logarithmic value)	70°C
	data not available data not available data not available data not available insoluble soluble
Vapor pressure Density and/or relative density density	the data is not available
	the data is not available
	0.9590 - 0.9990 g/cm <sup>3</sup> at 20 °C

## 9.2. Additional information

Refractive index (at 20°C): 1.4520 - 1.4920

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

not specified

### 10.2. Chemical stability

The product is stable under normal conditions.

### 10.3. Possibility of hazardous reactions None

known.

### 10.4. Conditions to avoid

Under normal use, the product is stable, does not decompose. Protect from flames, sparks, overheating and frost. **10.s. Incompatible materials** Protect from strong acids, bases and oxidizing agents.

### 10.6. Hazardous decomposition products

They do not arise under normal use. At high temperatures and in case of fire, dangerous products such as carbon monoxide and carbon dioxide are formed.

## SECTION 11: Toxicological information 11.1.

Information on hazard classes defined in Regulation (EC) No. 1272/2008 No toxicological data are available for the

mixture.

### Acute toxicity

Based on available data, the classification criteria are not met.

# SAFETY DATA SHEET

according to European Parliament and Council Regulation (EC) No. 1907/2006  
(REACH), as amended **GREEN**

## TEA+MINT ANTIALERGIC

Creation date	07/10/2015	Pure version	3.0
Date of revision	28/04/2022		

**corrosivity / irritation to skin** Irritating to skin.

**Serious eye damage / eye irritation** Causes serious eye irritation.

**Respiratory sensitization / skin sensitization** May cause an allergic skin reaction.

**Germ cell mutagenicity** Based on available data, the classification criteria are not met.

### Carcinogenicity

Based on available data, the criteria for classification are not met.

**Reproductive toxicity** Based on available data, the classification criteria are not met.

**Specific target organ toxicity - single exposure** Based on available data, the criteria for classification are not met.

**Specific target organ toxicity - repeated exposure** Based on available data, the classification criteria are not met.

**Aspiration hazard** Based on available data, the criteria for classification are not met.

### 11.2. Information on other hazards not given

## SECTION 12: Ecological information 12.1.

### Toxicity Acute

#### toxicity

Toxic to aquatic organisms, with long-term effects.

### 12.2. Persistence and degradability

not specified

### 12.3. Bioaccumulative potential

Not specified.

### 12.4. Mobility in abundance

Not listed.

### 12.s. Results of PBT and vPvB assessment

The product does not contain substances that meet the criteria for PBT or vPvB substances in accordance with Annex XIII, Regulation (EC) no. 1907/2006 (REACH), as amended.

### 12.6. Endocrine-disrupting properties

The mixture does not contain substances with endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605.

### 12.7. Other unfavorable (1 dumbbells

Not specified.

## SECTION 13: Disposal considerations 13.1.

### Waste management methods

Danger of

environmental contamination, proceed according to Act No. 541/2020 Coll. on waste, as amended, and according to the implementing regulations on waste disposal. Follow the applicable waste disposal regulations.

Place the unused product and the contaminated packaging in marked containers for waste collection and hand it over to an authorized person for waste disposal (a specialized company) that is authorized for this activity. Do not pour the unused product down the drain. It must not be disposed of together with municipal waste. Empty packaging can be used for energy in a waste incinerator or stored in a landfill of the appropriate classification. Perfectly cleaned packaging can be sent for recycling.

### Legal regulations on waste

Act No.

541/2020 Coll., on waste, as amended. Decree No. 8/2021 Coll., on the Waste Catalog and assessment of waste properties ( Waste Catalog). Decision 2000/532/EC establishing the list of waste, as amended by later regulations. Decree No. 273/2021 Coll., on the details of waste management.
